(Persons outside the University may call phones at the University by dialing the seven digits.) When giving persons outside the University your phone number, always give all seven digits of your phone number.

To Place Inside Calls:

A. Other Extensions:
Dial the last four digits of the telephone number. (Consult your Staff Directory.)

B. Chicago Undergraduate Division (Navy Pier):
Dial "7030." You will reach a switchboard operator who will handle your call.

C. Illinois Eye and Ear Infirmary:
Dial "7034." You will reach a switchboard operator who will handle your call.

D. Student Residence Hall:
To reach persons living in the Student Residence Hall, dial "7010." You will reach a switchboard operator who will handle your call.

E. Paging:
To place a page call or to answer a page call, dial "6780."
TO PLACE AN EMERGENCY PAGE, DIAL "6788."

To Place Business Calls Outside the University:

A. Chicago and Suburbs:
Dial "9" (dial tone will not stop) and dial the telephone number wanted.

B. Long Distance (In Illinois):

**1. WATS:
Dial "188" for access to the WATS lines. Consult your Area Code Directory section of the Staff Directory for instructions for use of the WATS lines.

**2. In an emergency, you may call points in Illinois by proceeding as described in C-1 or 2 below. The cost of all such calls will be billed to your telephone.

C. Long Distance (Outside Illinois):

**1. Station-to-Station:
To call anywhere outside the state of Illinois, dial "9" (dial tone will not stop), the three digit area code, plus the telephone number. (The cost of these calls will be billed to your telephone.)

**2. Person-to-Person:
Dial "9" (dial tone will not stop) plus "211." Give the long distance operator the following information:

a. Area code of city you are calling
b. Telephone number of person you are calling
c. Name of person you are calling
d. The operator will ask for your number. Give her the seven digit number of your phone.

**These calls cannot be made from campus phones restricted to inter-office or Chicago area calls. Emergency calls from such restricted phones should be referred to the University operator.

To Place Personal Calls:
To place personal calls outside the Chicago area, proceed as stated above for "Person-to-Person" calls except that you must give your home phone number. The cost of the personal call will then be charged to your home phone. The approval of the department head must be obtained before personal calls are charged to a University phone number.

To Transfer a Call:
Only calls from outside the University can be transferred. To transfer a call, depress the phone plunger once firmly. When the operator answers, give her the transfer information.

Conference Calls:
Your telephone system has a conference arrangement that permits a conference between as many as five people. To arrange a conference, dial "7036" and give the operator the conference information. Remain on the line while she completes the arrangements. To set up a conference in conjunction with an incoming call, depress the plunger once to signal the operator and give her the required information stating, in addition, that you have an outside party on the line.

Wrong Numbers:
If a wrong number is reached through direct dialing outside the University, your number will not be charged for the cost of the call if you immediately notify the Telephone Company. To notify the Telephone Company:
